Hexahexaflexagon assembly

Glue flaps · glued closure · 1 of 2

Before beginning, pre-fold every crease both ways.

1 JOIN THE STRIPS

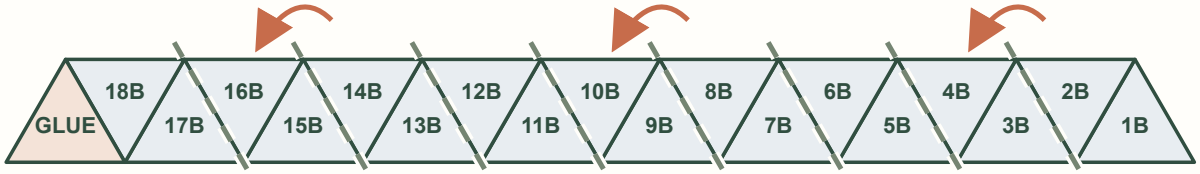

With 10B on top, glue two flaps as shown.

2 ROLL UP THE STRIP

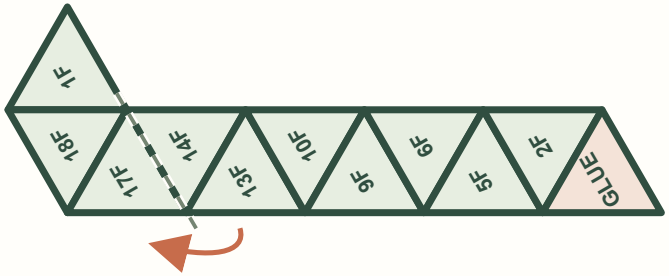

Fold each marked pair face-to-face, wrapping in the same direction. Leave the glue flap sticking out.

2B–3B · 4B–5B · 6B–7B · 8B–9B · 10B–11B · 12B–13B · 14B–15B · 16B–17B

3 FLIP OVER AND FOLD

Flip the strip over. Fold 14F onto 17F.

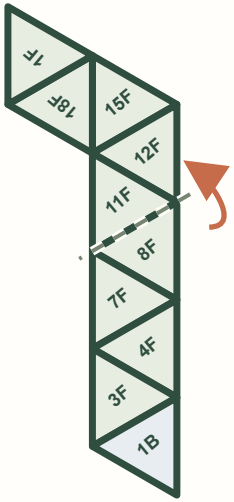

Hexahexaflexagon assembly

Glue flaps · glued closure · 2 of 2

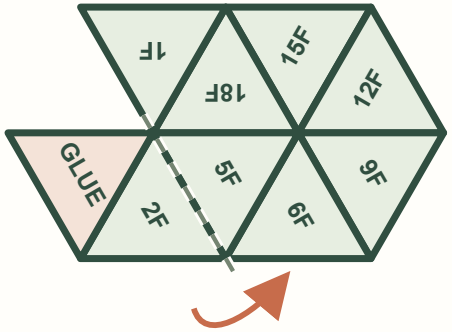

4 FOLD

Fold 8F onto 11F.

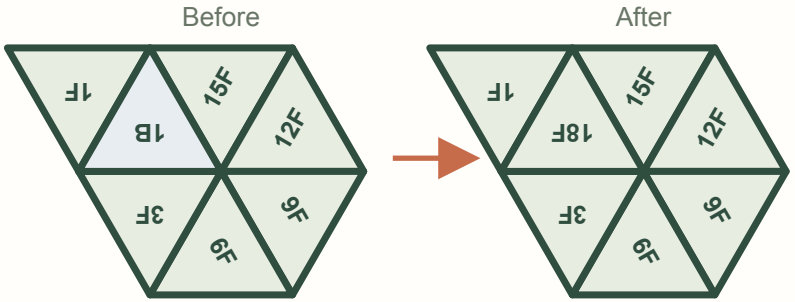

5 CLOSE THE HEXAGON

Fold 2F onto 5F.

6 TUCK THE FLAP

Tuck the 1B behind to reveal 18F.

7 FLIP OVER AND GLUE

Flip over. Fold down the glue flap and join.
